The Storm.

As we go to press there are rumors of a cyclear southwest of this vicinity. At the Bee Lim telegraph office they have worked for area on hour to get communication with Cinconnati, without being able to do so. A wild rumor was current in the Arcade about three o'clock that Middleton was partially destroyed by a cyclone this afternoon but could not be verified.

W. A. Rogers left for New York this morning.

E. M. Campbell leaves tonight for a short visit in Indiana.

John Harman filled up to overflowing last evening and indulged in many little antics which are generally paid for under the head All the choirs combined to lead the music, of drunken and disorderly conduct. John will make one more in the Mayor's nosegay this afternoon.

The county commissioners are in session today; all the members present. An adverse report was made on the Nicholas ditch mat- and Mr. T. S. Crowell each led in a responter, in l'ike township, and a resolution [adopted dismissing the petition before the W. R. Linn made interesting abort addresboard. A number of bills were allowed. Also the following sheep claims: Nelson Hammond \$12, Samuel Dietrick \$33, Levi Deaton \$69,02, Chas. Black \$29.65, Ezra Jenkins \$21. The board is still in session.

Yesterday afternoon complaint was made at police headquarters that a number of young men were gambling in a private house on West Columbia street. Four officers went down and captured nine young Jews who were indulging in the tascinating game of "penny ante." One of the nine was allowed to go free as the other victims were unanimous in exonerating him from the charge of gambling. The eight who were arrested gave the tollowing names: Charles Williams, Isadore Davis, Jacob Weinteldt, Morris Klines Auron Schwartz, Phillip Ungar, Sam Kline and Adam Weinbaker. The young bloods Hiff; recitations by Adna Leonard, Miss of the city who want to do a little gambling "just for fun" must look out now, as yesterday's haul only whetted the appetites of the officers and they are fairly raging this morning for more blood.

Terrible Experience of a Police Officer. Officer Foster, early yesterday morning. had what is probably the hardst time in mak- substantially, to a full house and attentive ing an arrest that ever any policeman in Springfield experienced. He was endeavoring to capture a well-known desperado who lives across the creek, and while making the arrest both parties shot, kicked, clubbed, stabled, gouged, and pulled hair until the earth was red with gore for many feet aro nd. Dave Croft finally had to wake him up or he would have demolished the patrol wagon and torn himself to pieces. As it is, the doctor thinks if he doesn't dream any more and repeat yesterday's performance his hand will be all right in a short time. The railing on the patrol wagon will also recover.

Prassian Piente.

The annual picnic and celebration of the aden Benevolent Society is in progress tosy in the Fair Grounds, beginning with a parade in which appeared several of the local German organizations, and one from Dayton headed by the Dayton band. The column was headed by the Big Six and a place in it was occupied by the Cadet band, of this city The men were handsome regatis and in the ranks were borne the National American colors and several banners. A four-horse wagon was filled with children in holiday attire and in a barouche were several pretty young ladies in charge of the splendid sick banner which is to be presented to the Bardat three o'clock this afternoon. The flag was on exhibition in Albright & Willis's show window last week and is one of the richest in the city. The programme at the grounds is dancing, national games, music, etc., and contimes through the evening. Tho weather is very favorable, the rain of the early morning having cooled the air nicely.

Second Bapest Church.

An appeal to the generous public to help those who are first straining to belp themselves. A fact that the Second Baptist Church has beautified our city by the erection of a modest and commendable house of w aship and are now in lebt, the church has appointed the third Sunday in June for a rand rally to pay off the greater part of the is lit, hence we ask all who are friendly to us and to the cause of Christianity, to lend us a helping hand to swell the collection to one of the largest ever made by the church. The following committee has been selected to make a canvass in their respective locali ties to solicit contributions. This committee was appointed by the church to act, as fol rs: Stephen Mosby, East street shops; I Deut, Lagonda; William Miles, Net Champion; J. Tyler, West End; William Paige, P. P. Mast's shops; Miss Ophelia Harris, public school teachers; W. S. Newberry, lawyers: James Buford, bricklayers Clarence Roberson, carpenters; Henry Thomas, Mallable shops; David Wilborn, hotels; Daniel Fry, blacksmiths; J. G. and Mercer Clayton, farmers; Chas. Prostrated by Apoplexy. Ex-postmaster John A. Shipman sustained a severe attack of apoplexy about midnight from which he remained in an insensible condistition all day Sunday and Sunday night, but this morning was sleeping naturally, seeming much easier, although not regarded out of danger. While fatal results are not soprehended so far as the reporter could learn, it is believed Mr. Shipman will not be about again for a long time. He ate a light supper Saturday after returning home from the fields and soon forget their days be ore down town and retired as usual, apparently the footlights. The horses have won many in ordinary health. About midnight Mrs. S. was alarmed by a rattling sound caused by his unnatural breathing, and spoke to him but receiving no answer arose hashly, obtained a light and found her husband rigid, cold and perfectly insensible. Doctors Morrison and Buckingham were sumnoned and aid all that could be done with effect above indicated. Mr. Shipman was not particularly exposed to an attack of this kind except that he is a person of rather full habit and has perhaps of late, been without the amount of exercise good for him. He was at the convention Thursday but found difficulty in breathing in the wigwam and only remaining a few moments, saying be "couldn't live there," complaining of the beat. The family have the sympathy of friends who have numerously proffered any assistance in

CHILDREN'S DAY.

Interesting and Appropriate Exercises Vesterday in Several of the Charenes-A

Neat Surprise. As an institution the setting apart of one Sabbath in June each year the services of which are for the children especially, may be egarded as established for all time. Certainly n Springfield after yesterday's experiences, While the young people enjoyed and were profited by it their parents and grown-up friends were scarcely less so. Somehow, notwithstanding the heavy drafts made by commencement season upon flower gardens and conservatories, flowers and living plants were found in sufficient supply to make more than one church interior a very bower.

First Presbyterian Church.

The two Presbyterian churches, with their Sabbath Schools, including North Side Chapel and Cakland, united in this service at 4 p. m. which was a special feature of the occassion. The floral decorations were in excellent taste. Best of all the large auditorium was filled, including the gallery. Dr. Falconer presided and Dr. Webb preached a very interesting and appropriate sermon. Mr. Goo. Winger and Mr. T. S. Crowell each led in a responsion of the control of the contro sive Bible reading. Mr. G. C. Hall and Mr. ses. The programme, very heatly printed. was followed to the letter, and seemed all too brief, though the afternoon was very warm.

Central M. E. Church.

Among the most elaborate, pleasant and largely attended of these services was that in the Central M. E. church in the evening. The basis was a printed exercise, turnished to all, introducing appropriate hymns, recitations, etc., the Superinteneent, Mr. J. A. Myers, leading, assisted by Rev. Dr. Leonard, the pastor, and Mr. J. L. Berry. There were profuse floral decorations about the pulpit, perfuming the air, and the school f'ted the front seats in the body of the bouse. During the exercises there were special features, such as a well-rendered quartette by Mrs. Will Horner, Miss Stack, Charles Slack and A. W. Johnston, Nellie Schaffer and Grace Latimer. During the evening a children's collection amounting to \$34 was taken up Several classes gave recitations and readings in concert. In the siternoon about twent, ladies and gentlemen from the Central school went out to the Baker school house in District No. 1 and rendered the same programme.

There was a great congregation of oid and young and splendid floral adoctings, in which cages of singing banks were prominent, at S Paul church. The music was excellent and the young people taking part in the exercises, in recitations, concerted selections and solos acquitted themselves with high credit.

Congregational.

Because of some special features in connection with the exercises the observance of Children's Day at this church was among the pleasantest of all. Just as the opening exercises of the Sabbath school were about to close the pastor of the church, Rev. Wm. H. Wat ren, arose and said there was a matter h wished to present that would appropriately come in just there. He then reminded So perintendent C. M. Nichols, of the best that it was his birthday anniversary and told him the children, wishing to show their regard, had prepared a testimonial of

which his worthings was asked Here two young men advanced with a large and very beautiful floral piece, made principally of rosebuds, in the center of which were the figures for "50" the number of birthday anniversaries Mr. Nichols has enenische, in a speech by editor Weixelbaum, joyed. Mr. Warren hoped he might be years and pass many equally pleasant annitersaries. If ever a person was taken by surprise Mr. Nichols was at this time, but he proved equal to the occasion, saying he supposed it was all right to surprise a man in this way, if it was Sunday. He expressed his heartfelt appreciation of the testimonial, than which nothing could have been more to his mind or given him greater pleasure. He should pray God to make him a better man and more efficient Superintendent, meriting the continued regard and support of his

teachers and scholars, The school occupied the body of the house at the service for the children in the main audience room, taking the piace of the regular service and the sight of so many eager, intelligent little faces was beautiful and inspiring indeed. The floral decorations were plentiful, if not expensive and arranged in perfect taste against a solid back-ground of tall ferns The service consisted of responsive readings in which all joined, appropriate anthems and bymns, and a short address by the paster on the Bible, its pre-emineut value, its study and meaning. At a proper point in the proceed ings the rate of haptism was administered by the pastor, a young couple premating then first-born to be thus dedicated. None presen will ever forget the service; one of the plans

The elegant car in which Prof. Bartholomew's 20 fine horses are carried was visited by several hundred people yesterday, and was specially praised by experienced borseman. Tonight the week's engagement be gins at Black's. The Columbus Journal says: The approaching farewell of the wonderto horses, that have delighted such numbers of Columbus people, is a matter of great regret to all who have seen them. After the mati-nee this afternoon and the performance tonight, the horses will never be seen here again, as Prof. Bartholomew has decided to make this his last sesson. Ity fall he will be on his way to his California home, and in that sunny and genual climate the sagacious Abdallah, the pretty Nellie, the knowing Sprite, the handsome Europeanous, the proud wear, Brutus and all the others will range hearts, and all will be sorry to see them go, or never was there as much intelligence a group of equines as there is in Prof. Bar-

Attention, Doctors.

Everybody knows that the life of the average physician is a hard one. He is often compelled to ride great distances through mud and rain for a merely nominal fee. It is not fit nor proper for us to condemn any physician for his work, but we do assert that his practice can be made easier, and he can effect more cures by the proper and judicious use of PERUNA. If he will only add this great remedy to his list of medicines he will find that his usefulness will be greatly increased. Full direction for its use will be found in the "Ills of Life," and he should at once pro-cure this valuable book.
